Sameer Ahmad

Full Stack Web Developer

PROFESSIONAL SUMMARY

An enthusiastic Full Stack Web Developer, adept at crafting intuitive and visually appealing web applications. Skilled in both front-end and back-end development, with a solid grasp of cutting-edge web technologies and frameworks, I am committed to delivering seamless user experiences and staying at the forefront of industry trends.

PROJECTS

1. Mudra | | |
HTML5 | CSS3 | JavaScript | Responsive Web Design | RESTful APIs

- Developed a currency conversion and global money transfer web application using HTML5, CSS3, and JavaScript.
- Implemented responsive web design principles to ensure optimal user experience across all devices.
- Integrated RESTful APIs for instant currency conversion with real-time exchange rates.
- Optimized payment processing to seamlessly handle a variety of currencies.
- Collaborated with a team of 4 developers to deliver a highly functional and scalable application.
